

Journal of Engineering and Applied Sciences Technology

Reviewer Form				
Review Comment/ Feedback for Journal	Journal of Engineering and Applied Sciences Technology			
*Manuscript Number	SRC-JEAST-23-237			
*Title	Analysis of Tool Wear and Calculation Results of Hardness Values in ST 37 Steel Turning Using Characteristics			
Reviewer's Detail				
*Reviewer's Name	Takaaki Musha			
University/Organization	Professor Department of Mechanical Engineering Shinshu University Japan			
Email	takaaki.mushya@gmail.com			
Tel/Whatsapp Contact				
Assigned Date	18.07.2023			
Review Completion Date	23.07.23			
Reviewer's Recommendation				
*Feedback for Publishing	Rejected	Accepted	Minor Revision	Major Revision
Study is in accordance with Scope of the Journal (Yes/No)			X	
Study is contributing to existing literature (Yes/No)			X	
Novelity of work (Yes/No)			X	
*Comment to Editor (Confidential)	This paper can be acceptable after minor revision.			
Comment to Author (Public)				
General Comment (Formatting and Grammatical)	Figure.1 is not good for this paper. The author must revise it for the understanding for readers. Moreover, the author must explain precisely on this figure.			
Scientific Comment (Research and Methodology)
